Please be advised that the County of San Bernardino, Department of Public Health, Division of Environmental Health (LEA) received and approved a Joint Technical Document (JTD) amendment to the Solid Waste Facility Permit for the Landers Sanitary Landfill. The LEA is certified by the California Integrated Waste Management Board to enforce state laws and regulations at solid waste sites within the County of San Bernardino, including all active and closed landfills.

Description of Project and LEA's Determination

The Landers Sanitary Landfill is located in an unincorporated portion of San Bernardino County approximately two miles south of the community of Landers, and four miles east of State Highway 247 on Winters Road. The site is located at 59200 Winters Road in Landers, California. On November 17, 2009, the LEA received from San Bernardino County, Solid Waste Management Division, a Solid Waste Facility

Permit (SWFP) application package to amend the JTD to allow for the collection of E-Waste, change the hazardous waste storage time and add language addressing bird control.

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA approved the amendment on December 17, 2009.

Where to get additional information

A copy of the approved application for the JTD Amendment is available for public review by appointment in the LEA office located at 385 N. Arrowhead Ave., 2nd Floor, San Bernardino CA 92415.
